## 1) Introduction

Welcome to EFTSpain Mentoring!

If you are looking for an EFT International approved Mentor then you may find this brochure helpful in considering Marie as your Mentor. Marie will walk you through the process here and simplify any concerns you may have.

## 2) Meet Marie

Marie Holliday has been training and mentoring both groups and individuals for around 16 years. Marie is a professionally approved and accredited Master Trainer of Trainers with EFT International Association (formerly known as AAMET International) where she was Training Director and member of their Executive Board. She specialises

in serious illness and interestingly using EFT with Animals.

Marie lives in Spain and works online internationally with clients and mentees from UK, USA, Hong Kong, India, Brazil, Portugal, France, Spain, Australia etc. thus working in all time zones across the world.

You can be assured you are in experienced and safe hands with Marie as your Mentor and she always ensures a warm welcome to settle you into a mentoring session.

## 3) Mentoring Requirements

EFT International is a professional organisation worldwide and as such, part of your status regardless of levels requires members to meet professional mentoring from foundational status to trainer of trainers. The requirement is 6 hours per annum either group mentoring or one to one with an approved EFT International Mentor. Failure to meet this requirement can result in removal of your professional status and if this is a concern then please contact Marie for advice and a solution is always possible.

#### 4) Mentoring Options

Marie offers the following online options normally 90 minutes each which only entails 4 x sessions of 90 minutes a year to meet your EFT International requirements:

- ✚ Group Monthly Mentoring (maximum of 8 people as EFT International rulings)
- ✚ One to One Individual Mentoring 90 minutes
- ✚ Combination Mentoring Individual & Group
- ✚ *'Catch-up'* Mentoring if you are behind for whatever reason with your mentoring and it's a concern to you, then contact Marie who will often be able to organise mentoring with you at the last minute to ensure you maintain your status.

How can I do my mentoring?

- ✚ Either Annual Mentoring or
- ✚ One, two sessions etc. if you want to have different Mentors or you are 'short' of meeting your annual requirement.

#### 5) How does it work Online?

Very simply!

Group: Marie requests your topic that you would like to discuss from everyone in the group. She then formats an agenda with everyone's topic and allocates a time. She then responds to your issue/topic during the meeting, discusses it with you and opens up the discussion to include everyone for comments or input, time willing.

Mentees are from all over the world and at different levels from foundational to trainer which ensures a vast and rich learning environment with a huge variety of topics brought to the session. If you are nervous or feel like you are the only one that has ever had a certain issue or concern with EFT, you will soon discover you haven't. Which is reassuring and confidence building at the same time.

Individual: Marie meets with you normally via Skype (or Zoom) and to save time will gather your issue or topic via an email prior to the session. If you haven't time to do this, then you will simply discuss on the session. You can be assured of confidentiality at all times and that you are in a safe environment.
